# Café de Oriente Restaurant Week

Café de Oriente celebrates its Gastronomic Week, inspired by the famous Restaurant Week born in New York in 1992, created to promote new moments of encounter and enjoyment, and today reinterpreted for you in the heart of Madrid.

From January 26 to February 1, we invite you to discover a special menu that brings together fine dining, a unique environment and an irresistible price

A perfect opportunity to rediscover Café de Oriente and have an experience designed to “Emocionarte”.

And this year, our flavors go even further.

Because when a dish is made with intention, it can also be supportive: for each menu served, we will donate €1 to the Fundación Secretariado Gitano. Because this week, every bite becomes a gesture, where pleasure and generosity meet on the table.
